## Program Updates

- Top Ten medications and Hepatitis B meds have received approval from the DSHS Commissioner
  - ▶ Next steps - the Medical Certification Form will need to be revised/updated

## Revision of Medication Certification Form (MedCert - MCF)

- The subcommittee discussed possibilities for revising the Medical Certification Form.
  - ▶ Mary Richards, Ruston Taylor, and Lester Mattson will work on revising form

## Update on Medications

- Cabotegravir LA (Long-acting Injectable) was discussed by the sub-committee. Topics included:
  - ▶ The need to have a mechanism/infrastructure to get meds out in a timely manner and what this would look like.
  - ▶ How the injections would work with RW payments.
  - ▶ Have Brian Rosemond, RN, DSHS Nurse Consultant provide insight on payment options since injectables require multiple visits
  - ▶ May require two different administrations
  - ▶ Estimated to be approved by FDA in January
  - ▶ May require a specialty pharmacy with infusion site
- FLAIR (First Long-Acting Injectable Regimen) was discussed by the sub-committee.

## Medications the Formulary Sub-committee will recommend for removal at the January Medication Advisory Committee meeting

- Cobicistat
- Elvitegravir
- Fuzeon

## Next sub-committee meeting: January 7<sup>th</sup> 1:00 p.m.

### Agenda

- Long acting meds
- Utilization of 90-day supply
