

* This summary form is to be completed by each **nonprofit** hospital. Hospitals in a system must report on an individual hospital basis. Public hospitals, for-profit hospitals participating in the Medicaid disproportionate share hospital program and exempt hospitals are not required to complete this form. This form is only available in PDF format at DSHS web site: www.dshs.state.tx.us/chs/hosp under 2013 Annual Statement of Community Benefits Standard.

** The information in the manual will be made available for public use. Please report most current information on the charity care policy and community benefits provided by the hospital.

*** The list is also available on DSHS web site: www.dshs.state.tx.us/chs/hosp/.

I. Charity Care Policy:

1. Include your hospital's Charity Care Mission statement in the space below.

Founded as a Christian ministry of healing, Baylor Health Care System exists to serve all people through exemplary health care, education, research, and community service. As part of its mission and commitment to the community, Baylor Health Care System affiliated entities provide financial assistance to patients and members of the community who qualify for assistance pursuant to the Financial Assistance Policy.

2. Provide the following information regarding your hospital's current charity care policy.

9. How long does the eligibility last before the patient will need to reapply? Check one.

- a. Per admission
- b. Less than six months
- c. One year

Re-affirmation required after 6 months. If no changes have occurred, eligibility lasts a total

- d. Other, specify _____ of one year.

10. How does the hospital notify the patient about their eligibility for charity care? _____

Check all that apply?

- a. In person
- b. By telephone
- c. By correspondence
- d. Other, specify _____

11. Are all services provided by your hospital available to charity care patients? _____

YES NO

If NO, please list services not covered for charity care patients (e.g. transplant services, ER services, other outpatient services, physician's fees).

Financial Service offered under the Financial Assistance Policy does not apply to initial transplant services and physician or other professional fees billed separately from the hospital fees. BHCS reserves the right to further limit the services covered by the Policy.

12. Does your hospital pay for charity care services provided at hospitals owned by others?

YES NO

II. Community Benefits Projects/Activities:

Provide information on name, brief description (3 lines), target population or purpose (3 lines) for each of the community benefits projects/activities CURRENTLY being undertaken by your hospital (example: diabetes awareness).

Baylor Medical Center at McKinney (Organization), an affiliate of Baylor Health Care System (BHCS), opened in July 2012. This 95-bed, \$195 million facility brings a full-service medical center and 550 new jobs to the growing community of McKinney, Texas and surrounding areas where more than 141,000 people now reside. The Organization offers services in cancer care, digestive disease, cardiovascular care, radiology, neurology, orthopedics, and women and infant care along with a 24/7 emergency department (ED) and intensive care unit (ICU). A Level III Neonatal Intensive Care Unit (NICU) with private suites also provides state-of-the-art services to new mothers. The Organization uses its revenue after expenses to improve the health of McKinney and surrounding communities through patient care, education, and community service. In the fiscal year ending June 30, 2013, the Organization had 9,260 total adult and special care nursery admits resulting in a total of 17,587 days of care. There were 21,517 emergency department visits and 1,240 live births in this organization with 95 licensed beds. The Organization also participates in local civic organizations and each year its employees are part of the annual United Way Fund Raising campaign. In addition to the Hospital's Financial Assistance Policy, as part of a large faith based integrated health care delivery system (System) the areas of medical education, research, subsidized services and community health education and screenings are initiatives that take place across the System, and also comprise a significant portion of the Hospital's community benefit program. The Organization has recruited new physicians to the total service area to stem the proven physician shortage and improve access to quality primary and specialty care and establish a "medical home" for residents of North Texas who lack a primary care physician. The unreimbursed expense of this effort for fiscal year 2013 was \$105,043. The Organization is also committed to assisting with the preparation of future nurses at entry and advanced levels of the profession to establish a workforce of qualified nurses. Through the System's relationships with fifteen North Texas schools of nursing, the Organization maintains strong affiliations with schools of nursing. The Organization employees nurse educators for the supervision of clinical nursing students. Like physicians, nursing graduates trained at a System entity are not obligated to join the staff although many remain in the North Texas area to provide top quality nursing services to many health care institutions. During fiscal year 2013, the Organization invested 2,416 hours in training 47 nursing and allied health students.

Additional Information:

Use this space if more space is required for comments or to elaborate on any of the information supplied on this form. Please refer to the response by question and item number.

2f. If the patient is an adult, the term Yearly Income for purposes of classification as either Financially Indigent or Medically Indigent means the sum of the total yearly gross income of the patient and the patient's spouse. If the patient is a minor, the term Yearly Income means the sum of the total yearly gross income of the patient, the patient's mother and the patient's father. 2g. Support from an absent family member or someone not living in the household is only included if the patient is a dependent of the absent family member or someone not living in the household. 4b. Hospital may review credit reports and other publicly available information to determine, consistent with applicable legal requirements, estimated household size and income amounts for the basis of determining financial assistance eligibility when a patient does not provide a Financial Assistance Application or supporting documentation.
