

The Texas Department of State Health Services in Conjunction with the Association of Public Health Laboratories and the Centers for Disease Control and Prevention is celebrating 50 years of Newborn Screening in the United States. A traveling display highlighting the major accomplishments of Newborn Screening will be in Texas May 13- May 24, 2013

Join us in celebrating 50 years of Newborn Screening  
State Capitol, Ground Floor Rotunda  
May 20-24, 2013

**A kick-off ceremony will be held at 1:00pm on May 20.** Speakers tentatively include Public Health Officials, families of children affected by Newborn Screening, and a member of the Texas Legislature.

The traveling display will be housed at various DSHS locations May 13-19. May 20-24 the display will be at the Capitol, Ground Floor Rotunda. Families affected by Newborns Screening are encouraged to attend any time Monday May 20 through Friday May 24 to share their personal stories with the general public. The goal of this event is to celebrate achievement and raise awareness.
