

Instructions for Industrial X-Ray Registration Application Form

NEW REGISTRATION FOR INDUSTRIAL RADIATION MACHINES: submit the following along with the appropriate fee:

- *RC Form 226-3* – Application for Registration of Industrial Radiation Machines
- *RC Form 226-1* – Business Information Form
- Radiation Safety Officer (RSO) qualifications – Submit documentation of experience, education, training, and/or completed RSO form.

To access forms and publications, visit our website at <http://www.dshs.state.tx.us/radiation/x-ray/>

FEE SCHEDULE

To determine the fee for your facility refer to 25 Texas Administrative Code (TAC) §289.204.

REGISTRATION REQUIREMENTS

For registration and radiation safety requirements for industrial x-ray machines refer to 25 TAC §289.226 and 25 TAC §289.228.

All companies must register with the Texas Secretary of State's office, as a business, to receive a registration with our office per §289.226(e)(8). To obtain a required Texas business registration with the Secretary of State's office visit http://www.sos.state.tx.us/corp/forms_boc.shtml

TECHNICAL RENEWAL

For 8 year **technical renewal** (expiration date on your certificate of registration), submit completed *RC Form 226-3* and *RC Form 226-1*. Minimal threat machine registrants do not have technical renewals. The agency will send a renewal reminder letter and forms by mail 4-6 weeks prior to the expiration date.

REGISTRATION AMENDMENTS

For **company name change or change of ownership**, see *Regulatory Guide 8.2: Guidelines for Issuing Certificates of Registration Due to a Change in name and/or ownership*. Submit completed *RC Form 226-3* and *RC Form 226-1*.

For **RSO change**, submit completed *RC Form 226-3* and RSO documentation of experience, education, training, or completed *RC 42-4* or *RC 42-5*.

For **other registration amendments**, submit completed *RC Form 226-3*.
