FROM: Juanita Salazar, Unit Manager   
Substance Abuse Contracts Management Unit

SUBJECT: Curriculum Measures Reports

DSHS is aware of a problem with reporting Curriculum Outcome Measures in the Clinical Management for Behavioral Health Services (CMBHS) system.

As a result, contractors were not able to meet the December 15, 2011, deadline to submit the Quarterly Outcome Measures Reports. Contractors will not be penalized for not meeting the reporting deadline. DSHS will send out broadcast notice once the system issues have been resolved and contractors are able to submit the required reports.

For information and questions pertaining to CMBHS, please contact the CMBSH Help Desk at 1-866-806-7806. If you have any questions pertaining to your contacts and deadlines, please contact your assigned Contract Manager.

Thank you for your patience and cooperation.
