

2011 Texas Selected Cancer Facts

Ellis County

Texas Selected Cancer Facts are provided by the Texas Cancer Registry (TCR), a collaboration of the Texas Department of State Health Services, National Program of Cancer Registries-Centers for Disease Control and Prevention, and Cancer Prevention and Research Institute of Texas. The TCR is a statewide population-based registry that serves as the primary source of Texas cancer data. These data are used to measure the Texas cancer burden, progress in cancer prevention and control, and support a wide variety of cancer research.

Ellis County

In 2011, it is estimated that there will be 706 new cancer cases and 246 cancer deaths in Ellis County.

Average Annual Number of New Cancer Cases and Deaths, 5 Leading Sites, 2004–2008
