Services

Texas Department of State
Health Services

Cardiac Care Committee

- **Items needing council guidance**
 - **None currently – priorities listed in next slide.**
- **Items referred to GETAC for future action**
 - **No current action items.**

Cardiac Care Committee top 3 priorities

1. Partner with DSHS to identify cardiac data elements currently available in the National Emergency Medical Service Information System (NEMSIS) to generate a report to identify gaps in pre-hospital emergency care statewide. (Coordinated clinical Care/EMS).
2. Out of Hospital Cardiac Arrest – AED access/bystander CPR (Emergency preparedness and response)
3. Telecommunicator CPR (Coordinated clinical Care/EMS).
