Table 1. Obesity among adults, ages 18 years and older, by demographic characteristics, Texas, 2020

Demographic Characteristics	Obese (BMI ≥ 30 kg/m ²)							
	Yes				No			
	Estimated No. of Adults	%	95% CI		Estimated No. of Adults	%	95% CI	
Lower Limit			Upper Limit	Lower Limit			Upper Limit	
Total Population	6,862,414	35.7	33.9	37.7	12,335,757	64.3	62.3	66.1
Sex								
Male	3,470,966	35.4	32.8	38.1	6,332,652	64.6	61.9	67.2
Female	3,391,448	36.1	33.5	38.8	6,003,106	63.9	61.2	66.5
Age Group (years)								
18 to 29	1,070,806	25.5	21.3	30.1	3,133,773	74.5	69.9	78.7
30 to 44	1,939,092	36.6	32.9	40.5	3,359,701	63.4	59.5	67.1
45 to 64	2,607,424	44.0	40.7	47.4	3,317,483	56.0	52.6	59.3
65 and older	1,164,024	32.8	29.4	36.4	2,384,901	67.2	63.6	70.6
Race/Ethnicity								
White	2,739,615	32.5	30.2	34.9	5,691,840	67.5	65.1	69.8
Black	931,080	41.2	35.3	47.3	1,329,844	58.8	52.7	64.7
Hispanic	2,788,288	40.3	36.7	44.0	4,125,354	59.7	56.0	63.3
Other/Multiracial	256,083	20.3	14.4	27.8	1,005,766	79.7	72.2	85.6
Education								
Less than high school graduate	1,308,832	44.5	38.6	50.6	1,629,549	55.5	49.4	61.4
High school graduate	1,886,399	36.9	33.3	40.7	3,218,885	63.1	59.3	66.7
Some college	2,278,788	38.0	34.6	41.6	3,713,578	62.0	58.4	65.4
College graduate	1,369,525	26.8	24.3	29.4	3,745,509	73.2	70.6	75.7
Annual Household Income								
Less than \$35,000	2,288,721	40.4	36.8	44.0	3,378,758	59.6	56.0	63.2
\$35,000-\$49,999	744,070	33.3	27.9	39.1	1,492,656	66.7	60.9	72.1
\$50,000-\$74,999	982,077	38.1	32.7	43.8	1,596,209	61.9	56.2	67.3
\$75,000 or more	1,923,879	33.4	30.1	36.8	3,839,852	66.6	63.2	69.9
Relationship Status								
Married or partner in an unmarried couple	4,003,105	37.0	34.5	39.5	6,823,685	63.0	60.5	65.5
Widowed	381,564	31.4	25.9	37.4	834,319	68.6	62.6	74.1
Divorced or separated	1,026,523	40.7	35.9	45.8	1,493,574	59.3	54.2	64.1
Never married	1,398,524	31.4	27.2	36.0	3,053,122	68.6	64.0	72.8
Employment Status								
Employed	3,975,660	36.8	34.4	39.4	6,814,632	63.2	60.6	65.6
Not employed	2,836,893	34.8	31.9	37.9	5,305,721	65.2	62.1	68.1
Sexual Orientation Gender Identity Minority

Technical Notes

Percentages for each measure were based on the number of respondents with a specific response(s) among the total number of respondents for the given survey question(s), excluding people with missing information or who refused or did not know the answer to the survey question(s). The following questions were used:

- *Sexual Orientation Gender Identity Minority*: A calculated variable; "Yes" if respondent replies "Lesbian or gay" or "Bisexual" to the question "Do you consider yourself to be straight, lesbian or gay, or bisexual?" OR replies "Yes" to the question "Do you consider yourself to be transgender?"; "No" if respondent replies "Straight" to the question "Do you consider yourself to be straight, lesbian or gay, or bisexual?" OR replies "No" to the question "Do you consider yourself to be transgender?".
- *Obesity*: Body mass index of 30 or more calculated from the questions, "About how much do you weigh without shoes?" and "About how tall are you without shoes?";
- *Health Care Coverage*: "Yes" and "No" responses to the question, "Do you have any kind of health care coverage, including health insurance, prepaid plans such as HMOs, or government plans such as Medicare, or Indian Health Service?";
- *Leisure Time Physical Activity*: "Yes" and "No" responses to the question, "During the past month, other than your regular job, did you participate in any physical activities or exercises such as running, calisthenics, golf, gardening, or walking for exercise?";
- *Disability*: "Yes" and "No" responses to the question, "Are you limited in any way in any activities because of physical, mental, or emotional problems?";
- *Diabetes*: "Yes" and "No" responses to the question, "Has a doctor, nurse, or other health professional ever told you that you have diabetes?" [Does not include female respondents who responded "Yes, but told only during pregnancy."];
- *Cardiovascular Disease*: "Yes" responses to any or "No" responses to all of the following questions, "Has a doctor, nurse, or other health professional ever told you that you had a heart attack, also called a myocardial infarction?", or "Has a doctor, nurse, or other health professional ever told you that you had angina or coronary heart disease?", or "Has a doctor, nurse, or other health professional ever told you that you had a stroke?";
- *Heart Disease*: "Yes" responses to either or "No" responses to both of the following questions, "Has a doctor, nurse, or other health professional ever told you that you had a heart attack, also called a myocardial infarction?", or "Has a doctor, nurse, or other health professional ever told you that you had angina or coronary heart disease?";
- *Received all three Hepatitis B shots*: This variable was calculated from "Yes" or "No" responses to the question, "Have you ever received the hepatitis B vaccination?" and "How many hepatitis B shots did you receive?"
- *Received all three HPV shots*: This variable was calculated from "Yes" or "No" responses to the question, "Have you ever received an HPV vaccination?" and "How many HPV shots did you receive?"
- *Stroke*: "Yes" and "No" responses to the question, "Has a doctor, nurse, or other health professional ever told you that you had a stroke?";
- *Cancer*: "Yes" responses to either and "No" responses to both of the following questions, "Has a doctor, nurse, or other health professional ever told you that you had skin cancer?", or "Has a doctor, nurse, or other health professional ever told you that you had any other types of cancer?";

- *Asthma*: "Yes" responses to both of the following questions, or "Yes" responses to the first and "No" responses to the second question (indicating no current asthma), or "No" responses to the first question (indicating no current asthma), "Has a doctor, nurse, or other health professional ever told you that you had asthma?" and "Do you still have asthma?":

- *COPD*: "Yes" and "No" responses to the question, "Has a doctor, nurse, or other health professional ever told you that you have COPD (chronic obstructive pulmonary disease), emphysema, or chronic bronchitis?";

- *Kidney Disease*: "Yes" and "No" responses to the question, "Has a doctor, nurse, or other health professional ever told you that you have kidney disease? Do not include kidney stones, bladder infection or incontinence.";

- *Arthritis*: "Yes" and "No" responses to the question, "Has a doctor, nurse, or other health professional ever told you that you have some form of arthritis, rheumatoid arthritis, gout, lupus, or fibromyalgia?";

- *Depression*: "Yes" and "No" responses to the question, "Has a doctor, nurse, or other health professional ever told you that you have a depressive disorder including depression, major depression, dysthymia, or minor depression?".

- *Cigarette Smoking*: "Yes" responses for current and former smokers and "No" responses for never smokers to the question, "Have you smoked at least 100 cigarettes in your entire life?" and responses of "Everyday" or "Some days" for current smokers and responses of "Not at all" for former smokers to the question, "Do you now smoke cigarettes every day, some days, or not at all?";

- *Heavy Drinking*: A calculated variable from responses of "1 or more" to the question "During the past 30 days, how many days per week...did you have at least one drink of any alcoholic beverage, such as beer, wine, a malt beverage, or liquor?"; "Yes" and "No" responses to the question "Do you have more than 14 drinks per week" for men or "Do you have more than 7 drinks per week" for women;

- *Binge Drinking*: Responses of "1 or more" times to the question, "Considering all types of alcoholic beverages, how many times during the past 30 days did you have (5 or more drinks for men, 4 or more drinks for women) on one occasion?";

Estimates were excluded (--) if they were considered unreliable because the sample size was too small, or if the relative standard error (RSE) was ≥ 30.0 .

The estimated number of adults for the total population was derived by multiplying the 2020 BRFSS prevalence rate by the estimated Texas adult population as provided by the Texas Demographics Center. All other estimated numbers of adults were derived from 2020 BRFSS weighted calculations. Therefore, these totals may not sum to the total population estimate provided.

Estimates were generated from one-way and two-way cross tabulations that used weighted data and accounted for the stratified survey design; therefore, the estimates calculated from survey data represent prevalence in the population.

Estimates were produced by the Chronic Disease Epidemiology Branch, Health Promotion and Chronic Disease Prevention Section, Community Health Improvement Division, Texas Department of State Health Services; October 2021.
