Simple Search

This search allows you to search for any keyword or phrase. Results are displayed by relevancy order.

1. Type in the term(s) you want to search for -- enter a single keyword, multiple keywords or an exact phrase (put quotation marks around your text to get an exact phrase).
2. Click on the *GO* button to launch the search. Click on *Start Over* to clear all fields and resume your search.

Type a keyword or phrase:

Show search options ← Show/Hide Search Options

Search Tips:

- Click on the *Show Search Options* link to limit your search to specific parameters such as: Search Method (Match All Keywords, Match Any Keyword, Exact Phrase); Format (choose Visual Materials for AV items or Serial for journals) OR **Location** (to find items only at the AV Library, DSHS/TDH Document Archive, ECI/Rehabilitation Services, Funding Information Center, or Medical and Research Library), and/or Publication Year.
- Put an * at the end of a word to allow multiple endings. For example, child* finds child, child's, children, children's, childhood, etc.

Type a keyword or phrase:

Hide search options

Search Method: Match ALL Keywords **Find:** Linked Media (e.g., images, sounds, etc.)

Display results: 20 per page

Limit this search to: Visual Material **Publication Year:** 2005 - 2012
Example: 1973 - 1990 (Year range)
Example: 2002 - (Single year)

Browse Search

Browse Search allows you to search by a specific category such as TI Title, AU Author, SU Subject, etc. Search results appear in alphabetical order beginning with the nearest field matching the information you entered.

1. Select an index from the pick list (TI Title, AU Author, SU Subject, etc).
2. Type a keyword or phrase.
3. Click on the *GO* button to launch the search.

Note: The Browse option generates a list of entries arranged in alphabetical order by the selected browse index beginning with the letters you typed in. Every list consists of many pages containing at least 10 entries each.

Look for: TI (All Titles) **Begins with:** health

Power Search

Power Search gives you the advantage of combining different categories such as Author AND Title OR Subject enabling you to search multiple terms simultaneously.

1. Select an index from the pick list (Words, Author, Title, Subject, etc).
2. Type in the term(s) you want to search for -- enter a single keyword, multiple keywords or a phrase.
3. Select the operator to use between the search terms entered (AND/OR/AND NOT).
4. Click on the *GO* button to launch the search. Click on *Start Over* to clear all fields and resume your search.

Search Tips:

Click on the *Show Search Options* link to limit your search to specific parameters such as:

- Display Results (number of records per page)
- Limit Search (Location, Medium, Type), and/or Publication Year.

Select search type and enter your criteria:

Word(s) customer service AND

Title AND

Author
