

# WORKPLACE VIOLENCE AGAINST NURSES PREVENTION GRANT PROGRAM

## Final Presentations from 2020-2021 Grant Recipients

The Texas Center for Nursing Workforce Studies, within the Department of State Health Services, awarded grants to fund innovative approaches to reduce verbal and physical violence against nurses.

Join us in learning about the programs implemented by these grantees, the role COVID played in the implementation of their programs and on violence against nurses, and the lessons learned from these projects.

**Join us on Wednesday, June 8th, 15th, and 22nd from 2:00pm to 3:15pm for a 30-minute presentation from each award recipient followed by a brief Question and Answer session.**

Date	Grant Recipient	Program Description
June 8th	University of Texas Medical Branch - Galveston	Used debriefs and support groups to address workplace violence against healthcare workers.
	Houston Methodist	Used virtual and augmented reality to practice de-escalation skills and expanded the use of video monitoring medical-surgical patients who screen as "high risk" for violent behavior on a validated assessment tool.
June 15th	Baptist Hospital of Southeast Texas	Addressed workplace violence through a variety of initiatives including staff training, public education, and physical changes to prevent violence and create an enhanced healing environment.
	Texas Children's Hospital	Provided simulation training and support ranging from role-playing to virtual reality.
June 22nd	Dallas County Hospital District – Parkland Hospital System	Strengthened its comprehensive workplace violence plan that included community-based education and training for students in nursing school programs, and further enhancements to the Supporting Parkland Staff (SPARKS) Peer Support Program.
	University of Texas Health Science Center – Harris County Psychiatric Center	Implemented trauma informed care practices on an acute inpatient child/adolescent unit and an acute inpatient adult unit.

No registration required.
