II. Community Benefits Projects/Activities:

Provide information on name, brief description (3 lines), target population or purpose (3 lines) for each of the community benefits projects/activities CURRENTLY being undertaken by your hospital (example: diabetes awareness).

1. The community health fairs provide screenings such as, but not limited to, cholesterol, body composition, blood pressure readings, and educating the community on preventative medicines. We target a wide range of our population from young adults to geriatrics. 2. Think Child Safety is a program that provides education on safety awareness such as, but not limited to, bicycle safety and care seat necessity. This program targets the infant, toddler, and adolescent population. 3. Team Diabetes is a program that is designated to education patients on managing their diabetes, this program offers a one-on-one consultation as well as group discussion for our diabetic population. It is offered for all ages affected by this disease. 4. Our pharmaceutical program aids persons in the community with obtaining their long term meds through various pharmaceutical companies.

Additional Information:

Use this space if more space is required for comments or to elaborate on any of the information supplied on this form. Please refer to the response by question and item number.

Number 12 only applies to services that we do not provide at this hospital.
