

DSHS GRAND ROUNDS

Perinatal Mood Disorders: Diagnosis, Treatment & Referral

Sarah Wakefield, MD

Chair, Department of Psychiatry

Director of Child and Adolescent Psychiatry Services

Texas Tech University Health Sciences Center

Medical Director of Medical Ethics, University Medical Center

This presentation will focus on the diagnosis and treatment of common perinatal mood disorders. This will include prevention, non-pharmacological interventions and pharmacological interventions, including medications safe during pregnancy and lactation. The presentation will include information about prescribing medications for perinatal mood disorders by primary care providers and obstetricians, and appropriate referrals.

WHEN

Wednesday, July 7, 2021

11:00am – 12:30 pm

WHERE

GoToWebinar

Objectives:

Explain diagnostic criteria for various perinatal mood disorders.

Describe the pharmacological and non-pharmacological approaches to prevention and treatment of perinatal mood disorders.

Discuss appropriate referrals.
