Contractor further agrees that, upon notification from DSHS, Contractor shall comply with the terms of any contract provisions DSHS is required to include in its contracts under legislation effective at the time of the effective date of this Contract or during the term of this Contract.

ARTICLE III FUNDING

Section 3.01 Debt to State and Corporate Status. Pursuant to Tex. Gov. Code § 403.055, the Department will not approve and the State Comptroller will not issue payment to Contractor if Contractor is indebted to the State for any reason, including a tax delinquency. Contractor, if a corporation, certifies by execution of this Contract that it is current and will remain current in its payment of franchise taxes to the State of Texas or that it is exempt from payment of franchise taxes under Texas law (Tex. Tax Code §§ 171.001 et seq.). Contractor, if a corporation, further certifies that it is and will remain in good standing with the Secretary of State's office. A false statement regarding franchise tax or corporate status is a material breach of this Contract. If franchise tax payments become delinquent during the Contract term, all or part of the payments under this Contract may be withheld until Contractor's delinquent franchise tax is paid in full.

Section 3.02 **Application of Payment Due.** Contractor agrees that any payments due under this Contract will be applied towards any debt of Contractor, including but not limited to delinquent taxes and child support that is owed to the State of Texas.

Unless otherwise required under the terms of the grant funding this Contract, the addition alternative, as provided in UGMS § __.25(g)(2), for the use of program income shall be used by Contractor to further the program objectives of the state or federal statute under which the Program Attachment was made, and it shall be spent on the same Program Attachment project in which it was generated. Contractor shall identify and report this income in accordance with the Compliance and Reporting Article of these General Provisions and the provisions of the Program Attachment(s). Contractor shall expend program income during the Program Attachment term and may not carry forward to any succeeding term. Program income not expended in the term in which it is earned shall be refunded to DSHS. DSHS may base future funding levels, in part, upon Contractor's proficiency in identifying, billing, collecting, and reporting program income, and in utilizing it for the purposes and conditions set forth in this Contract.

Section 3.06 **Nonsupplanting.** Contractor shall not supplant (i.e., use funds from this Contract to replace or substitute existing funding from other sources that also supports the activities that are the subject of this Contract) but rather shall use funds from this Contract to supplement existing state or local funds currently available for a particular activity. Contractor may be required to submit documentation substantiating that a reduction in state or local funding, if any, resulted for reasons other than receipt or expected receipt of funding under this Contract.

Section 4.03 Final Billing Submission. Unless otherwise provided by the Department, Contractor shall submit a reimbursement or payment request as a final close-out bill not later than sixty (60) calendar days following the end of the term of the Program Attachment for goods received and services rendered during the term. If necessary to meet this deadline, Contractor may submit reimbursement or payment requests by facsimile transmission. Reimbursement or payment requests received in DSHS's offices more than sixty (60) calendar days following the end of the applicable term will not be paid. Consideration of requests for an exception will be made on a case-by-case basis, subject to the availability of funding, and only for an extenuating circumstance, such as, a catastrophic event, natural disaster, or criminal activity that substantially interferes with normal business operations, or causes damage or destruction of a place of business and/or records. A written statement describing the extenuating circumstance and the last request for reimbursement must be submitted for review and approval to the DSHS Accounting Section.

Section 4.04 Working Capital Advance. If allowed under this Contract, a single one-time working capital advance per term of the Program Attachment may be granted at the Department's discretion. The requirements for the documentation justifying the need for an advance and the directions for liquidating the advance are found in the Contractor's Financial Procedures Manual located at <http://www.dshs.state.tx.us/contracts>.

Section 4.05 Financial Status Reports (FSRs). Except as otherwise provided in these General Provisions or in the terms of the Program Attachment(s), for contracts with categorical budgets, Contractor shall submit quarterly FSRs to Accounts Payable by the thirtieth calendar day of the month following the end of each quarter of the Program Attachment term for Department review and financial assessment. The final FSR must be submitted not later than sixty (60) days following the end of the applicable term.

Section 4.06 Third Party Payors. A third party payor is any person or entity who has the legal responsibility for paying for all or part of the services provided, including commercial health or liability insurance carriers, Medicaid, or other federal, state, local, and private funding sources. Except as provided in this Contract, Contractor shall screen all clients and shall not bill the Department for services eligible for reimbursement from third party payors. Contractor shall (a) enroll as a provider in Children's Health Insurance Program and Medicaid if providing approved services authorized under this Contract that may be covered by those programs, and bill those -programs for the covered services; (b) provide assistance to individuals to enroll in such programs when the screening process indicates possible eligibility for such programs; (c)

allow clients that are otherwise eligible for Department services, but cannot pay a deductible required by a third party payor, to receive services up to the amount of the deductible and to bill the Department for the deductible; (d) not bill the Department for any services eligible for third party reimbursement until all appeals to third party payors have been exhausted, in which case the 30-day requirement in the Billing Submission section will be extended until all such appeals have been exhausted; (e) maintain appropriate documentation from the third party payor reflecting attempts to obtain reimbursement; (f) bill all third party payors for services provided under this Contract before submitting any request for reimbursement to Department; and (g) provide third party billing functions at no cost to the client.

ARTICLE V TERMS AND CONDITIONS OF PAYMENT

Section 5.01 Prompt Payment. Upon receipt of a timely, undisputed invoice pursuant to this Contract, Department will pay Contractor. Payments and reimbursements are contingent upon a signed Contract and will not exceed the total amount of authorized funds under this Contract. Contractor is entitled to payment or reimbursement only if the service, work, and/or product has been authorized by the Department and performed or provided pursuant to this Contract. If those conditions are met, Department will make payment in accordance with the Texas prompt payment law (Tex. Gov. Code Chapter 2251). Contractor must comply with Tex. Gov. Code Chapter 2251 regarding its prompt payment obligations to subcontractors. Payment of invoices by the Department shall not constitute acceptance or approval of Contractor's performance, and all invoices and Contractor's performance are subject to audit or review by the Department.

Section 5.02 Withholding Payments. Department may withhold all or part of any payments to Contractor to offset reimbursement for any ineligible expenditures, disallowed costs, or overpayments that Contractor has not refunded to Department, or if financial status report(s) required by the Department are not submitted by the date(s) due. Department may take repayment (recoup) from funds available under this Contract in amounts necessary to fulfill Contractor's repayment obligations.

Section 5.03 Condition Precedent to Requesting Payment. Contractor shall disburse program income, rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds before requesting cash payments including any advance payments from Department.

If DSHS has paid funds to Contractor for unallowable or ineligible costs, DSHS will notify Contractor in writing, and Contractor shall return the funds to DSHS within thirty (30) calendar days of the date of this written notice. DSHS may withhold all or part of any payments to Contractor to offset reimbursement for any unallowable or ineligible expenditures that Contractor has not refunded to DSHS, or if financial status report(s) required under the Financial Status Reports section are not submitted by the date(s) due. Revision or other amendment requests may be granted at the discretion of DSHS. Except as otherwise provided in this Article, Contractor shall not perform or produce, and DSHS shall not pay for the performance or production of, different or additional goods, services, work or products except pursuant to an amendment of this Contract that is executed in compliance with this section; and DSHS may not waive any term, covenant, or condition of this Contract unless by amendment or otherwise in compliance with this Article.

Section 13.16 Contractor's Notification of Change to Certain Contract Provisions. The following changes may be made to this Contract without a written amendment or the Department's prior approval:

- a) contractor's contact person and contact information;
- b) contact information for key personnel, as stated in Contractor's response to the Solicitation Document, if any;
- c) cumulative budget line item transfers that exceed 10% among direct cost categories, other than the equipment category, of cost reimbursement contract Program Attachments of less than \$100,000, provided that the total budget amount is unchanged;
- d) minor corrections or clarifications to the Contract language that in no way alter the scope of work, objectives or performance measures; and
- e) a change in the Contractor's share of the budget concerning non-DSHS funding other than program income and match, regardless of the amount of the change, provided that in changing the budget, Contractor is not supplanting DSHS funds.

Contractor within ten (10) calendar days shall notify in writing the Division Contract Management Unit assigned to the Program Attachment of any change enumerated in this section. The notification may be by letter, fax or email. Cumulative budget line item transfers of 10% or less among direct cost categories, other than equipment, of cost reimbursement contracts of any amount do not require written amendment or prior approval or notification.

Section 13.17 Contractor's Request for Revision of Certain Contract Provisions. A Contractor's Revision Request is an alternative method for amending certain specified provisions of this Contract that is initiated by the Contractor, but must be approved by DSHS. The following amendments to this Contract may be made through a Contractor's Revision Request, rather than through the amendment process described in the Amendment section of this Article:

- a) cumulative budget line item transfers among direct cost categories, other than the equipment category, that exceed 10% of Program Attachments of \$100,000 or more, provided that the total budget amount is unchanged;

- b) line item transfer to other categories of funds for direct payment to trainees for training allowances;
- c) change in clinic hours or location;
- d) change in equipment list substituting an item of equipment equivalent to an item of equipment on the approved budget, (For example, purchase of XYZ brand computer instead of approved ABC brand computer with essentially identical features as the XYZ computer);
- e) changes in the equipment category of a previously approved equipment budget (other than acquisition of additional equipment, which requires an amendment to this Contract);
- f) changes specified in applicable OMB Circular cost principles as requiring prior approval, regardless of dollar threshold (e.g., foreign travel expenses, overtime premiums, membership fees); and
- g) changes to community sites, independent school districts or schools, in substance abuse Program Attachments.

In order to request a revision of any of the enumerated provisions, Contractor shall obtain a Contract Revision Request form from the DSHS website and complete the form as directed by the Department. Two copies of the completed form must be signed by Contractor's representative who is authorized to sign contracts on behalf of Contractor, and both original, signed forms must be submitted to the Division Contract Management Unit assigned to the Program Attachment. Any approved revision will not be effective unless signed by the DSHS Director of the Client Services Contracting Unit. A separate Contractor Revision Request is required for each Program Attachment to be revised. Circumstances of a requested contract revision may indicate the need for an amendment described in the Amendment section of this Article rather than a contract revision amendment under this section.

Section 13.18 Immunity Not Waived. THE PARTIES EXPRESSLY AGREE THAT NO PROVISION OF THIS CONTRACT IS IN ANY WAY INTENDED TO CONSTITUTE A WAIVER BY DEPARTMENT OR THE STATE OF TEXAS OF ANY IMMUNITIES FROM SUIT OR FROM LIABILITY THAT DEPARTMENT OR THE STATE OF TEXAS MAY HAVE BY OPERATION OF LAW.

Section 13.19 Hold Harmless and Indemnification. Contractor, as an independent contractor, agrees to hold Department, the State of Texas, individual state employees and officers, and the federal government harmless and to indemnify them from any and all liability, suits, claims, losses, damages and judgments, and to pay all costs, fees, and damages to the extent that such costs, fees, and damages arise from performance or nonperformance of Contractor, its employees, subcontractors, joint venture participants or agents under this Contract.

Section 13.20 Waiver. Acceptance by either Party of partial performance or failure to complain of any action, non-action or default under this Contract shall not constitute a waiver of either Party's rights under this Contract.

Section 13.21 Electronic and Information Resources Accessibility Standards. As required by 1 Tex. Admin. Code Chapter 213, as a state agency, DSHS must procure products that comply with the State of Texas Accessibility requirements for Electronic and Information Resources specified in 1 Tex. Admin. Code Chapter 213 when such products are available in the

commercial marketplace or when such products are developed in response to a procurement solicitation. If performance under this Contract includes the development, modification or maintenance of a website or other electronic and information resources for DSHS or for the public on behalf of DSHS, Contractor shall provide the Department of Information Resources (DIR) with the URL to its Voluntary Product Accessibility Template (VPAT) for reviewing compliance with the State of Texas Accessibility requirements (based on the federal standards established under Section 508 of the Rehabilitation Act), or indicate that the product/service accessibility information is available from the General Services Administration "Buy Accessible Wizard" (<http://www.buyaccessible.gov>). Contractors not listed with the "Buy Accessible Wizard" or supplying a URL to their VPAT must provide DIR with a report that addresses the same accessibility criteria in substantively the same format. Additional information regarding the "Buy Accessible Wizard" or obtaining a copy of the VPAT is located at <http://www.section508.gov/>.

Section 13.22 Force Majeure. Neither Party will be liable for any failure or delay in performing all or some of its obligations, as applicable, under this Contract if such failure or delay is due to any cause beyond the reasonable control of such Party, including, but not limited to, extraordinarily severe weather, strikes, natural disasters, fire, civil disturbance, epidemic, war, court order, or acts of God. The existence of any such cause of delay or failure will extend the period of performance in the exercise of reasonable diligence until after the cause of the delay or failure has been removed and, if applicable, for any reasonable period of time thereafter required to resume performance. A Party, within a period of time reasonable under the circumstances, must inform the other by any reasonable method (phone, email, etc.) and, as soon as practicable, must submit written notice with proof of receipt, of the existence of a force majeure event or otherwise waive the right as a defense to non-performance.

Section 13.23 Interim Contracts. The Parties agree that the Contract and/or any of its Program Attachments shall automatically continue as an "Interim Contract" beyond the expiration date of the term of the Contract or Program Attachment(s), as applicable, under the following circumstances: (1) on or shortly prior to the expiration date of the Contract or Program Attachment, there is a state of disaster declared by the Governor that affects the ability or resources of the DSHS contract or program staff managing the Contract to complete in a timely manner the extension, renewal, or other standard contract process for the Contract or Program Attachment; and (2) DSHS makes the determination in its sole discretion that an Interim Contract is appropriate under the circumstances. DSHS shall notify Contractor promptly in writing if such a determination is made. The notice will specify whether DSHS is extending the Contract or Program Attachment for additional time for Contractor to perform or complete the previously contracted goods and services (with no new or additional funding) or is purchasing additional goods and services as described in the Program Attachment for the term of the Interim Contract, or both. The notice will include billing instructions and detailed information on how DSHS will fund the goods or services to be procured during the Interim Contract term. The Interim Contract will terminate thirty (30) days after the disaster declaration is terminated unless the Parties agree to a shorter period of time.

ARTICLE XIV BREACH OF CONTRACT AND REMEDIES FOR NON-COMPLIANCE

Section 14.01 **Actions Constituting Breach of Contract.** Actions or inactions that constitute breach of contract include, but are not limited to, the following:

- a) failure to properly provide the services and/or goods purchased under this Contract;
- b) failure to comply with any provision of this Contract, including failure to comply with all applicable statutes, rules or regulations;
- c) failure to pay refunds or penalties owed to the Department;
- d) failure to comply with a repayment agreement with the Department or agreed order issued by the Department;
- e) failure by Contractor to provide a full accounting of funds expended under this Contract;
- f) discovery of a material misrepresentation in any aspect of Contractor's application or response to the Solicitation Document;
- g) any misrepresentation in the assurances and certifications in the Contractor's application or response to the Solicitation Document or in this Contract; or
- h) Contractor is on or is added to the Excluded Parties List System (EPLS).

Section 14.02 **General Remedies and Sanctions.** The Department will monitor Contractor for both programmatic and financial compliance. The remedies set forth below are available to the Department against Contractor and any entity that subcontracts with Contractor for provision of services or goods. HHSC OIG may investigate, audit and impose or recommend imposition of sanctions to Department for any breach of this Contract and may monitor Contractor for financial compliance. The Department may impose one or more remedies or sanctions for each item of noncompliance and will determine sanctions on a case-by-case basis. Contractor is responsible for complying with all of the terms of this Contract. The listing of or use of one or more of the remedies or sanctions listed below does not relieve Contractor of any obligations under this Contract. A state or federal statute, rule or regulation, or federal guideline will prevail over the provisions of this Article unless the statute, rule, regulation, or guideline can be read together with the provision(s) of this Article to give effect to both. If the Contractor breaches this Contract by failing to comply with one or more of the terms of this Contract, including but not limited to compliance with applicable statutes, rules or regulations, the Department may take one or more of the actions listed below:

- a) terminate this Contract or a Program Attachment of this Contract as it relates to a specific program type. In the case of termination, the Department will inform Contractor of the termination no less than thirty (30) calendar days before the effective date of the termination in a notice of termination, except for circumstances that require immediate termination as described in the Emergency Action section of this Article. The notice of termination will state the effective date of the termination, the reasons for the termination, and, if applicable, alert the Contractor of the opportunity to request a hearing on the termination pursuant to Tex. Gov. Code Chapter 2105 regarding administration of Block Grants. The Contractor agrees that it shall not make any claim for payment or reimbursement for services provided from the effective date of termination;
- b) suspend all or part of this Contract. Suspension is, depending on the context, either (1) the temporary withdrawal of Contractor's authority to obligate funds pending corrective action by Contractor or its subcontractor(s) or pending a decision to terminate or amend

this Contract, or (2) an action taken by the Department to immediately exclude a person from participating in contract transactions for a period of time, pending completion of an investigation and such legal or debarment proceedings as may ensue. Contractor may not bill DSHS for services performed during suspension, and Contractor's costs resulting from obligations incurred by Contractor during a suspension are not allowable unless expressly authorized by the notice of suspension;

- c) deny additional or future contracts with Contractor;
- d) reduce the funding amount for failure to 1) provide goods and services as described in this Contract or consistent with Contract performance expectations, 2) achieve or maintain the proposed level of service, 3) expend funds appropriately and at a rate that will make full use of the award, or 4) achieve local match, if required;
- e) disallow costs and credit for matching funds, if any, for all or part of the activities or action not in compliance;
- f) temporarily withhold cash payments. Temporarily withholding cash payments means the temporary withholding of a working capital advance, if applicable, or reimbursements or payments to Contractor for proper charges or obligations incurred, pending resolution of issues of noncompliance with conditions of this Contract or indebtedness to the United States or to the State of Texas;
- g) permanently withhold cash payments. Permanent withholding of cash payment means that Department retains funds billed by Contractor for (1) unallowable, undocumented, disputed, inaccurate, improper, or erroneous billings; (2) material failure to comply with Contract provisions; or (3) indebtedness to the United States or to the State of Texas;
- h) declare this Contract void upon the Department's determination that this Contract was obtained fraudulently or upon the Department's determination that this Contract was illegal or invalid from this Contract's inception and demand repayment of any funds paid under this Contract;
- i) request that Contractor be removed from the Centralized Master Bidders List (CMBL) or any other state bid list, and barred from participating in future contracting opportunities with the State of Texas;
- j) delay execution of a new contract or contract renewal with Contractor while other imposed or proposed sanctions are pending resolution;
- k) place Contractor on probation. Probation means that Contractor will be placed on accelerated monitoring for a period not to exceed six (6) months at which time items of noncompliance must be resolved or substantial improvement shown by Contractor. Accelerated monitoring means more frequent or more extensive monitoring will be performed by Department than would routinely be accomplished;
- l) require Contractor to obtain technical or managerial assistance;
- m) establish additional prior approvals for expenditure of funds by Contractor;
- n) require additional or more detailed, financial and/or programmatic reports to be submitted by Contractor;
- o) demand repayment from Contractor when it is verified that the Contractor has been overpaid, e.g., because of disallowed costs, payments not supported by proper documentation, improper billing or accounting practices, or failure to comply with Contract terms;
- p) pursue a claim for damages as a result of breach of contract;

- q) require Contractor to prohibit any employee of Contractor from performing under this Contract or having direct contact with DSHS-funded clients or participants, or require removal of any officer or governing body member, if the employee, officer or member of the governing body has been indicted or convicted of the misuse of state or federal funds, fraud or illegal acts that are in contraindication to continued obligations under this Contract, as reasonably determined by DSHS;
- r) withhold any payments to Contractor to satisfy any recoupment, liquidated damages, or any penalty (if the penalty is permitted by statute) imposed by DSHS, and take repayment from funds available under this Contract in amounts necessary to fulfill Contractor's payment or repayment obligations;
- s) reduce the Contract term;
- t) recoup improper payments when it is verified that the Contractor has been overpaid, e.g., because of disallowed costs, payments not supported by proper documentation, improper billing or accounting practices or failure to comply with Contract terms;
- u) assess liquidated damages; or
- v) impose other remedies or penalties permitted by statute.

Section 14.03 Notice of Remedies or Sanctions. Department will formally notify Contractor in writing when a remedy or sanction is imposed (with the exception of accelerated monitoring, which may be unannounced), stating the nature of the remedies and sanction(s), the reasons for imposing them, the corrective actions, if any, that must be taken before the actions will be removed and the time allowed for completing the corrective actions, and the method, if any, of requesting reconsideration of the remedies and sanctions imposed. Other than in the case of repayment or recoupment, Contractor is required to file, within fifteen (15) calendar days of receipt of notice, a written response to Department acknowledging receipt of such notice. If requested by the Department, the written response shall state how Contractor shall correct the noncompliance (corrective action plan) or demonstrate in writing that the findings on which the remedies or sanction(s) are based are either invalid or do not warrant the remedies or sanction(s). If Department determines that a remedy or sanction is warranted, unless the remedy or sanction is subject to review under a federal or state statute, regulation, rule, or guideline, Department's decision is final. Department shall provide written notice to Contractor of Department's decision. If required by the Department, Contractor shall submit a corrective action plan for DSHS approval and take corrective action as stated in the approved corrective action plan. If DSHS determines that repayment is warranted, DSHS will issue a demand letter to Contractor for repayment. If full repayment is not received within the time limit stated in the demand letter, and if recoupment is available, DSHS will recoup the amount due to DSHS from funds otherwise due to Contractor under this Contract.

Section 14.04 Emergency Action. In an emergency, Department may immediately terminate or suspend all or part of this Contract, temporarily or permanently withhold cash payments, deny future contract awards, or delay contract execution by delivering written notice to Contractor, by any verifiable method, stating the reason for the emergency action. An "emergency" is defined as the following:

- a) Contractor is noncompliant and the noncompliance has a direct adverse impact on the public or client health, welfare or safety. The direct adverse impact may be programmatic or financial and may include failing to provide services, providing inadequate services, providing unnecessary services, or utilizing resources so that the

- public or clients do not receive the benefits contemplated by the scope of work or performance measures; or
- b) Contractor is expending funds inappropriately.

Whether Contractor's conduct or noncompliance is an emergency will be determined by Department on a case-by-case basis and will be based upon the nature of the noncompliance or conduct.

ARTICLE XV CLAIMS AGAINST THE DEPARTMENT

Section 15.01 **Breach of Contract Claim.** The process for a breach of contract claim against the Department provided for in Tex. Gov. Code Chapter 2260 and implemented in Department Rules §§ 1.431-1.447 shall be used by DSHS and Contractor to attempt to resolve any breach of contract claim against DSHS.

Section 15.02 **Notice.** Contractor's claims for breach of this Contract that the Parties cannot resolve in the ordinary course of business shall be submitted to the negotiation process provided in Tex. Gov Code Chapter 2260, subchapter B. To initiate the process, Contractor shall submit written notice, as required by subchapter B, to DSHS's Office of General Counsel. The notice shall specifically state that the provisions of Chapter 2260, subchapter B, are being invoked. A copy of the notice shall also be given to all other representatives of DSHS and Contractor. Subchapter B is a condition precedent to the filing of a contested case proceeding under Tex. Gov. Code Chapter 2260, subchapter C.

Section 15.03 **Sole Remedy.** The contested case process provided in Tex. Gov. Code Chapter 2260, subchapter C, is Contractor's sole and exclusive process for seeking a remedy for any and all alleged breaches of contract by DSHS if the Parties are unable to resolve their disputes under this Article.

Section 15.04 **Condition Precedent to Suit.** Compliance with the contested case process provided in Tex. Gov. Code Chapter 2260, subchapter C, is a condition precedent to seeking consent to sue from the Legislature under Tex. Civ. Prac. & Rem. Code Chapter 107. Neither the execution of this Contract by DSHS nor any other conduct of any representative of DSHS relating to this Contract shall be considered a waiver of sovereign immunity to suit.

Section 15.05 **Performance Not Suspended.** Neither the occurrence of an event nor the pendency of a claim constitutes grounds for the suspension of performance by Contractor, in whole or in part.

ARTICLE XVI TERMINATION

Section 16.01 **Expiration of Contract or Program Attachment(s).** Except as provided in the Survivability of Terms section of the General Terms Article, Contractor's service obligations set forth in each Program Attachment shall end upon the expiration date of that Program Attachment unless extended or renewed by written amendment. Prior to completion of the term of all

Program Attachments, all or a part of this Contract may be terminated with or without cause as set forth below.

Section 16.02 Effect of Termination. Termination is the permanent withdrawal of Contractor's authority to obligate previously awarded funds before that authority would otherwise expire or the voluntary relinquishment by Contractor of the authority to obligate previously awarded funds. Contractor's costs resulting from obligations incurred by Contractor after termination of an award are not allowable unless expressly authorized by the notice of termination. Upon termination of this Contract or Program Attachment, as applicable, Contractor shall cooperate with DSHS to the fullest extent possible to ensure the orderly and safe transfer of responsibilities under this Contract or Program Attachment, as applicable, to DSHS or other entity designated by DSHS. Upon termination of all or part of this Contract, Department and Contractor will be discharged from any further obligation created under the applicable terms of this Contract or the Program Attachment, as applicable, except for the equitable settlement of the respective accrued interests or obligations incurred prior to termination and for Contractor's duty to cooperate with DSHS, and except as provided in the Survivability of Terms section of the General Terms Article. Termination does not, however, constitute a waiver of any remedies for breach of this Contract. In addition, Contractor's obligations to retain records and maintain confidentiality of information shall survive this Contract.

Section 16.03 Acts Not Constituting Termination. Termination does not include the Department's (1) withdrawal of funds awarded on the basis of the Contractor's underestimate of the unobligated balance in a prior period; (2) withdrawal of the unobligated balance at the expiration of the term of a program attachment; (3) refusal to extend a program attachment or award additional funds to make a competing or noncompeting continuation, renewal, extension, or supplemental award; (4) non-renewal of a contract or program attachment at Department's sole discretion; or (5) voiding of a contract upon determination that the award was obtained fraudulently, or was otherwise illegal or invalid from inception.

Section 16.04 Termination Without Cause.

- a) Either Party may terminate this Contract or a Program Attachment, as applicable, with at least thirty (30) calendar days prior written notice to the other Party, except that if Contractor seeks to terminate a Contract or Program Attachment that involves residential client services, Contractor must give the Department at least ninety (90) calendar days prior written notice and must submit a transition plan to ensure client services are not disrupted.
- b) The Parties may terminate this Contract or a Program Attachment by mutual agreement.
- c) Either Party may terminate this Contract or a Program Attachment with at least thirty (30) calendar days prior written notice to the other Party in the event funds become unavailable through lack of appropriations, budget cuts, transfer of funds between programs or health and human services agencies, amendments to the Appropriations Act, health and human services consolidations, or any disruption of current appropriated funding for this Contract or Program Attachment.
- d) Department may terminate this Contract or a Program Attachment immediately when, in the sole determination of Department, termination is in the best interest of the State of Texas.

Section 16.05 Termination For Cause. Either Party may terminate for material breach of this Contract with at least thirty (30) calendar days written notice to the other Party. Department may terminate this Contract, in whole or in part, for breach of contract or for any other conduct that jeopardizes the Contract objectives, by giving at least thirty (30) calendar days written notice to Contractor. Such conduct may include one or more of the following:

- a) Contractor has failed to adhere to any laws, ordinances, rules, regulations or orders of any public authority having jurisdiction;
- b) Contractor fails to communicate with Department or fails to allow its employees or those of its subcontractor to communicate with Department as necessary for the performance or oversight of this Contract;
- c) Contractor breaches a standard of confidentiality with respect to the services provided under this Contract;
- d) Department determines that Contractor is without sufficient personnel or resources to perform under this Contract or that Contractor is otherwise unable or unwilling to fulfill any of its requirements under this Contract or exercise adequate control over expenditures or assets;
- e) Department determines that Contractor, its agent or another representative offered or gave a gratuity (e.g., entertainment or gift) to an official or employee of DSHS or HHSC for the purpose of obtaining a contract or favorable treatment;
- f) Department determines that this Contract includes financial participation by a person who received compensation from DSHS to participate in developing, drafting or preparing the specifications, requirements or statement(s) of work or Solicitation Document on which this Contract is based in violation of Tex. Gov. Code § 2155.004; or Department determines that Contractor was ineligible to receive this Contract under Tex. Gov. Code §§ 2155.006 or 2261.053 related to certain disaster response contracts;
- g) Contractor appears to be financially unstable. Indicators of financial instability may include one or more of the following:
 - 1) Contractor fails to make payments;
 - 2) Contractor makes an assignment for the benefit of its creditors;
 - 3) Contractor admits in writing its inability to pay its debts generally as they become due;
 - 4) if judgment for the payment of money in excess of \$50,000 (that is not covered by insurance) is rendered by any court or governmental body against Contractor, and Contractor does not (a) discharge the judgment or (b) provide for its discharge in accordance with its terms, or (c) procure a stay of execution within thirty (30) calendar days from the date of entry of the judgment, and within the thirty (30)-day period or a longer period during which execution of the judgment has been stayed, appeal from the judgment and cause the execution to be stayed during such appeal while providing such reserves for the judgment as may be required under generally accepted accounting principles;
 - 5) a writ or warrant of attachment or any similar process is issued by any court against all or any material portion of the property of Contractor, and such writ or warrant of attachment or any similar process is not released or bonded within thirty (30) calendar days after its entry;
 - 6) Contractor is adjudicated bankrupt or insolvent;

- 7) Contractor files a case under the Federal Bankruptcy Code or seeks relief under any provision of any bankruptcy, reorganization, arrangement, insolvency, readjustment of debt, dissolution, receivership or liquidation law of any jurisdiction, whether now or hereafter in effect, or consents to the filing of any case or petition against it under any such law;
- 8) any property or portion of the property of Contractor is sequestered by court order and the order remains in effect for more than thirty (30) calendar days after Contractor obtains knowledge thereof;
- 9) a petition is filed against Contractor under any state reorganization, arrangement, insolvency, readjustment of debt, dissolution, receivership or liquidation law of any jurisdiction, whether now or hereafter in effect, and such petition is not dismissed within thirty (30) calendar days;
- 10) Contractor consents to the appointment of a receiver, trustee, or liquidator of Contractor or of all or any part of its property;
- h) Contractor's management system does not meet the UGMS management standards; or
- i) Any required license, certification, permit, registration or approval required to conduct Contractor's business or to perform services under this Contract is revoked, is surrendered, expires, is not renewed, is inactivated or is suspended.

Section 16.06 Notice of Termination. Either Party may deliver written notice of intent to terminate by any verifiable method. If either Party gives notice of its intent to terminate all or a part of this Contract, Department and Contractor shall attempt to resolve any issues related to the anticipated termination in good faith during the notice period.

ARTICLE XVII VOID, SUSPENDED, AND TERMINATED CONTRACTS

Section 17.01 Void Contracts. Department may hold this Contract void upon determination that the award was obtained fraudulently or was otherwise illegal or invalid from its inception.

Section 17.02 Effect of Void, Suspended, or Involuntarily Terminated Contract. A Contractor who has been a party to a contract with DSHS that has been found to be void, suspended, or terminated for cause is not eligible for expansion of current contracts, if any, or new contracts or renewals until the Department has determined that Contractor has satisfactorily resolved the issues underlying the suspension or termination. Additionally, if this Contract is found to be void, any amount paid is subject to repayment.

Section 17.03 Appeals Rights. Pursuant to Tex. Gov. Code § 2105.302, after receiving notice from the Department of termination of a contract with DSHS funded by block grant funds, Contractor may request an administrative hearing under Tex. Gov. Code Chapter 2001.

ARTICLE XVIII CLOSEOUT AND CONTRACT RECONCILIATION

Section 18.01 Cessation of Services At Closeout. Upon expiration of this Contract or Program Attachment, as applicable, (and any renewals of this Contract or Program Attachment) on its own terms, Contractor shall cease services under this Contract or Program Attachment; and shall cooperate with DSHS to the fullest extent possible upon expiration or prior to expiration, as necessary, to ensure the orderly and safe transfer of responsibilities under this Contract to DSHS or other entity designated by DSHS. Upon receiving notice of Contract or Program Attachment termination or non-renewal, the Contractor agrees to immediately begin to effect an orderly and safe transition of recipients of services to alternative service providers, as needed. Contractor also agrees to completely cease providing services under this Contract or Program Attachment by the date specified in the termination or non-renewal notice. Contractor shall not bill DSHS for services performed after termination or expiration of this Contract or Program Attachment, or incur any additional expenses once this Contract or Program Attachment is terminated or has expired. Upon termination, expiration or non-renewal of this Contract or a Program Attachment, Contractor shall immediately initiate Closeout activities described in this Article.

Section 18.02 Administrative Offset. The Department shall have the right to administratively offset amounts owed by Contractor against billings.

Section 18.03 Deadline for Closeout. Contractor shall submit all financial, performance, and other Closeout reports required under this Contract within sixty (60) calendar days after the Contract or Program Attachment end date. Unless otherwise provided under the Final Billing Submission section of the Payment Methods and Restrictions Article, the Department is not liable for any claims that are not received within sixty (60) calendar days after the Contract or Program Attachment end date.

Section 18.04 Payment of Refunds. Any funds paid to the Contractor in excess of the amount to which the Contractor is finally determined to be entitled under the terms of this Contract constitute a debt to the Department and will result in a refund due. Contractor shall pay any amount due within the time period established by the Department.

Section 18.05 Disallowances and Adjustments. The Closeout of this Contract or Program Attachment does not affect the Department's right to disallow costs and recover funds on the basis of a later audit or other review or the Contractor's obligation to return any funds due as a result of later refunds, corrections, or other transactions.

Section 18.06 Contract Reconciliation. If Contractor is required to annually reconcile multi-year contracts, Contractor, within sixty (60) calendar days after the end of each year of this Contract, shall submit to the Division Contract Management Unit assigned to the Program Attachment all financial and reconciliation reports required by Department in forms as determined by Department. Required reconciliation forms and reports may include the following: Cash Match Participation Form, In-kind Match Participation Form, Program Income Report, Equipment Inventory, Controlled Items Inventory, Contractor's Release Agreement, and Reconciliation Refund Remittance Form. Any additional forms or reports required by Department will be posted on the DSHS website prior to the reconciliation period. Unless otherwise directed by Department, all forms and reports must be submitted in hard copies, with original signatures if required, to DSHS by the due date.

Section 19.02 **Peer Review.** Contractor may be selected for participation in the independent peer review required by the Substance Abuse Prevention and Treatment (SAPT) Block Grant. If Contractor is selected, Contractor shall participate in the peer review process.

Section 19.03 **Disaster Substance Abuse Services.** In accordance with the Disaster Services section of these General Provisions, Contractor may be required to assist in mitigating the psychological trauma experienced by victims, survivors, and responders to a disaster. Contractor may assist the individual or family in returning to a normal (pre-disaster) level of functioning and assist in decreasing the psychological and physical effects of acute and/or prolonged stress. In the event clients already receiving mental health or substance abuse services are affected, Contractor may work with the affected individuals in conjunction with the individual's current support system.

Contractor shall develop policies and procedures to address response and recovery for mental health and/or substance abuse programs. Contractor's responsibilities shall include, but shall not be limited to the following:

- a) Provide to the Substance Abuse Contract Management Unit upon Contractor's submission of a contract or renewal packet, (1) the names and twenty-four (24)-hour contact information of at least two professional staff trained in mental health, substance abuse, or crisis counseling as disaster contacts, and (2) the names and twenty-four (24)-hour contact information of Contractor's Risk Manager or Safety Officer;
- b) Provide one additional contact for each 250,000 persons in the service area;
- c) Submit disaster substance abuse services policies and procedures if requested by DSHS;
- d) Collaborate with DSHS and local preparedness, response and recovery efforts. OSAR staff shall assist in coordinating the disaster/incident response among substance abuse treatment providers, community mental health and emergency disaster service organizations, such as, emergency shelters and food banks. OSAR staff shall facilitate outreach to substance abuse clients and their families and ensure they are provided access to individual and group counseling, education, assessment, referral and community support;
- e) Assign employees to assist DSHS to meet staffing needs for morgues, schools, hospitals, disaster recovery centers, and other necessary services during local, state or federal emergencies;
- f) Contract with the State to provide FEMA-funded Crisis Counseling, Assistance and Training Program(s) (CCATP) after federal declarations as appropriate. CCATP services include housing, hiring and co-managing CCATP Team(s) as appropriate; and
- g) Participate in disaster mental health, substance abuse education and public health training programs as necessary.

Contractor may also be required to assist with death notification, and to provide mental health or substance abuse services or assistance, resources permitting, at temporary morgues; community support centers; schools and hospitals; mass inoculation sites; and other locations as appropriate and necessary.

Contractor shall provide services, resources permitting, which include but are not limited to outreach, screening and assessment, counseling (individual and group), stress management, information and referral, and public information. Contractor may be required to assist DSHS in staffing the following locations: the State Operations Center (SOC), Disaster Recovery Centers (DRCs) and the Federal/State Joint Field Office (JFO).

Section 19.04 **Abuse, Neglect, Exploitation.** Contractor shall take all steps necessary to protect the health, safety and welfare of its clients. Contractor shall notify appropriate authorities of any allegations of abuse, neglect, or exploitation as required by Rule § 448.703. Additionally, licensed treatment facility Contractors

Section 20.03 **Waiting List.** The OSAR shall maintain and manage the centralized waiting list for the treatment service area in the DSHS electronic clinical management system, and provide service coordination to those eligible to be on the waiting list, including maintaining contact with individuals on the waiting list, making referrals for interim services, and providing pre-treatment counseling/brief interventions when appropriate. The OSAR shall approve all admissions and extended lengths-of-stay in residential Treatment Contractors' programs only.

ARTICLE XXI TREATMENT SERVICES

Section 21.01 **Priority Populations for Treatment Programs.** The Department has established priority populations for treatment in accordance with Federal substance abuse Block Grant regulations and state designation. Treatment Contractors shall give preference for treatment services in the following order of priority:

- a) pregnant injecting drug users;
- b) pregnant substance abusers;
- c) injecting drug users;
- d) parents with children in foster care; and
- e) veterans with honorable discharges.

Contractor shall implement an outreach plan that specifically targets members of these priority populations who fall within the Contractor's program's target population. Contractor shall establish screening procedures to identify members of priority populations and admit them before all others, in priority order. When space is not available in the Contractor's Program Service Area, Contractor shall guarantee successful and timely referral to another suitable DSHS-funded contractor. Contractors shall accept applicants from every region in the state when space is available. If two applicants are of equal priority status, preference may be given to an applicant living in the Contractor's Program Service Area. Each OSAR and Treatment Contractor shall include a statement in all its brochures, and shall post a notice in its lobby, concerning the priority population admission requirements. The OSAR shall perform the functions described in this provision for clients meeting residential treatment placement guidelines.

Section 21.02 Texas Department of Family and Protective Services (DFPS). Contractors funded to provide youth and adult treatment services shall serve financially eligible clients referred by the DFPS. Such referrals shall receive priority admission behind the priority populations listed in the Priority Populations for Treatment Programs section. When space is not available, Contractor shall guarantee successful and timely referral of financially eligible clients referred by DFPS to another suitable DSHS-funded treatment or OSAR contractor.

Section 21.03 Continuity of Care. Contractors that provide residential treatment shall ensure that 35% of the clients receiving residential treatment subsequently receive outpatient treatment.

Section 21.04 Restraint and Seclusion Policy and Training. Treatment facility Contractor's governing body shall adopt a policy either authorizing or prohibiting restraint and seclusion in accordance with Rule § 448.706. If Contractor is authorized to use restraint and seclusion, Contractor shall comply with the requirements of Rule § 448.706 and shall train all direct care staff in residential programs and in programs accepting court commitments on restraint and seclusion in accordance with Rule § 448.603(d)(5).

Section 21.05 Licensing. Contractors that provide chemical dependency treatment as defined by Tex. Health & Safety Code Chapter 464 shall hold an active treatment license issued by the Department or be exempt from licensure. The failure to obtain a required license, or revocation, surrender or suspension of Contractor's license, or Contractor's ceasing to provide services, shall constitute grounds for termination of the Contract or other remedies the Department deems appropriate. To add a newly licensed site to the Contract, Contractor must submit a request to the contract manager assigned to the Program Attachment for a clinic number after a treatment license has been issued. Contractor shall use the clinic number request form located on the DSHS website at <http://www.dshs.state.tx.us/sa/Forms/>. Contractor shall not provide services under the Contract until the licensed site has been approved by DSHS and an amendment to the Contract has been executed.

Section 21.07 Youth Treatment. Treatment Contractors who provide youth treatment services shall comply with Rule § 444.413 Financial Eligibility and Third Party Payment. If services for a client are covered by private insurance or a third party payor, but the Contractor is not eligible for reimbursement by a client's private insurance or third party payor, the Contractor shall refer the client to a treatment program that is approved by the client's private insurance or third party payor for services and reimbursement.

- a) If the approved treatment program refuses treatment services to the client and documents that refusal, Contractor may provide treatment services and bill the Department provided-
 - 1) the refusal, including insurance or third party payor and approved treatment program, is documented in the client file;
 - 2) the client meets the Diagnostic Statistical Manual IV diagnostic criteria for substance abuse/dependence; and
 - 3) the client's treatment for residential care is approved by the designated OSAR contractor.
- b) If client's private insurance or third party payor approves partial or full payment for treatment services, the Contractor may bill the Department for the non-reimbursed costs, including the deductible, provided -
 - 1) the client's parent refuses to pay either the deductible or the non-reimbursed portion of the cost of treatment;
 - 2) the client's parent cannot afford to pay the deductible and/or the non-reimbursed portion of the cost of treatment; or
 - 3) the family has an adjusted income at or below 200% of the Federal poverty guidelines.

If a client has exhausted all insurance coverage and requires continued treatment, the Contractor may provide the continued treatment services and bill the Department as long as the client meets b)1) or b)2) above.

Section 21.08 Residential Detoxification Length-of-Stay. The length-of- stay for clients in residential detoxification should be no longer than five (5) calendar days. Lengths-of-stay longer than five (5) calendar days must be justified by clinical documentation that reflects a daily assessment by a licensed health professional as defined by Rule § 441.101(71). The licensed health professional's assessment must be in direct consultation with a physician licensed by, and in good standing with, the Texas State Board of Medical Examiners, and must justify the need for each subsequent day of residential detoxification treatment.

Section 21.09 Methadone Services. The Department will pay for only three (3) eighteen (18)-month treatment episodes for opiate-addicted clients admitted to a methadone program. Once a client is discharged after an eighteen (18)-month stay, the client cannot be re-admitted to a Department-funded methadone program for ninety (90) calendar days. However, the client can be referred to other levels of care to treat his/her addiction. Once it has been documented that the client has been unable to abstain from continued opiate abuse and is not currently in a Department-funded methadone program, the client can then be re-admitted for another eighteen (18)-month episode. Caps on methadone dosage levels shall not be used as an admission restriction for transferring or accepting transfer clients.

Clients who meet any of the following criteria will be exempt from the eighteen (18)-month rule contained in Rules governing methadone services:

- a) clients who are currently disabled because of a mental or physical condition, as defined by Rules governing methadone services, that prevents them from holding gainful employment (clients who have applied for a ruling and are awaiting a determination of disability may be reviewed for a retroactive waiver upon notification of a positive determination);
- b) clients with a serious mental illness defined as Major Depression, Bipolar I Disorder, Delusional Disorder, Psychotic Disorder, and Schizoaffective Disorder;
- c) clients who have borderline intellectual functioning, i.e., documented IQ's of 75 or less;

- f) single parents with dependent children in the home who meet Department financial eligibility (Financial eligibility must be reassessed every six (6) months);
- g) elderly clients (age sixty (60) and above) receiving Medicare; or
- h) pregnant females until six (6) months after their delivery date.

Section 21.10 Client Placement Criteria. OSAR Contractors and Treatment Contractors shall use Department client placement criteria as a guide for directing clients to the appropriate services and for authorization of residential treatment admissions. Prior to client's admission for residential services, a client profile, screening, assessment, determination of financial eligibility, and a determination that the client is in need of residential services based on the DSHS Substance Abuse Services "Client Placement Criteria Guidelines" must be completed. If the client initially presents at an outpatient or residential Treatment Contractor's site, the Treatment Contractor shall determine financial eligibility and conduct the clinical screening/assessment and recommend the appropriate program and level of service. The Treatment Contractor may admit a client into outpatient or detoxification services without OSAR approval. If a residential Treatment Contractor determines that the client is eligible for residential services, the residential Treatment Contractor must request placement approval from the OSAR Contractor. The OSAR Contractor must approve the appropriateness of the placement and the priority status before the admission. The OSAR Contractor has two (2) hours to respond to the residential Treatment Contractor's request for approval. The Treatment Contractor must obtain the client's signature on a release to the OSAR Contractor to share needed information. Admission to DSHS-funded residential treatment is dependent upon the client's consent to share information between the residential Treatment Contractor and OSAR Contractors; however, a client's refusal to sign will not prohibit outpatient services. In the case where the initial contact is by telephone, the Contractor shall direct the client to the site most easily accessible by the client (either OSAR or Treatment Contractor) in order to be screened and assessed. Client Placement Criteria Guidelines are located on the DSHS website at www.dshs.state.tx.us/SA/BHIPS/instructions/.
