

2015 Texas School Immunization Validation Survey Results: Vaccination Compliance Rates of Kindergarten and Seventh Grade Students Attending Texas Schools

Kindergarten Students in Public Schools

The purpose of the 2015 Texas School Immunization Validation Survey was to assess the number of kindergarten students that were appropriately vaccinated in accordance with Texas school entry immunization requirements (Title 25 Health Services, Chapter 97, Texas Administrative Code §97.63). The Texas Education Agency reported that there were approximately 376,726 kindergarten students enrolled at approximately 4,400 Texas public schools during the 2015 – 2016 school year.

For the Texas School Immunization Validation Survey, a cluster sampling method was used to select 45 schools with kindergarten students. A random sample of 100 immunization records of kindergarten students was selected from each school.

The following table presents Texas statewide vaccination compliance rates for kindergarten students attending public school in Texas.
