

# COVID-19 Vaccine Provider Webinar, June 3<sup>rd</sup> Highlights

Read below for topics covered or click links to view the video section for that topic.

## News & Updates

- The CDC has shared updated information about incidents of myocarditis and pericarditis, particularly in adolescents and young adults. The CDC and its partners are investigating reported cases to determine their relationship to vaccination. As with any adverse events, please report cases of myocarditis and pericarditis following COVID-19 mRNA vaccination to the Vaccine Adverse Events Reporting System (VAERS).
- You can now access the [COVID-19 Vaccine Product Information Guide](#): This guide provides specifications for COVID-19 vaccine and associated products, including product package dimensions and weight, minimum order quantities, product presentation, distribution method, storage information, and additional information. This is NOT a catalog from which you can order products.
- COVID-19 vaccine storage requirements vary by manufacturer. Check the EUAs below for guidance:

## VAOS Starters

- Make sure to check out the most recent job aids on the [DSHS Vaccine Management Resources Page](#) located in the Vaccine Allocation & Ordering System (VAOS) Resources section.

## Vaccine Administration Reporting and Reminders

- As of June 1, 2021, COVID-19 vaccine providers will no longer be required to report daily doses administered to the Texas Division of Emergency Management (TDEM) portal. Please continue to report doses administered within 24 hours of administration to ImmTrac2. Providers receiving vaccines from Federal programs, such as the Federal Retail Pharmacy Program, must still report in both ImmTrac2 and Tiberius.

### Session Live Q&A:

- How do providers confirm in VAOS that they have received shipments of COVID-19 vaccines?
- What does it mean if the quantity of vaccines on-hand listed in VAOS for my facility isn't representative of what I actually have?
- How can providers report in ImmTrac2?
- Are provider resource materials available online?
