COVID-19 Vaccine Provider Webinar, June 22nd Highlights

Read below for topics covered or click links to view the video section for that topic.

News & Updates

- The biweekly COVID-19 vaccine provider webinars are being consolidated into one weekly session to be held **Tuesdays from 12:00 p.m. – 1:30 p.m. CT**. The webinar will include important updates, hot topics, and clinical considerations. Thank you to those who voted with your preferences!
- This Thursday, June 24th, there will be two 40-minute webinars replacing the usual 90-minute webinar. Between 12:00 p.m. – 12:40 p.m., providers can learn more about vaccine transfers including how to initiate a transfer, DocuSign tips and tricks, how to receive a transfer, and generate a Transfers Report in VAOS, as well as ask questions during live Q&A. After a 5-minute break, there will be a second session between 12:45 p.m. – 1:30 p.m. about vaccine waste. Segments for the second session will cover when and how to report waste, how to generate Waste Reports, and Live Q&A.

VAOS System Updates

- As of Saturday, June 19th, transfer requests that are not completed within two weeks are being **automatically denied.** You will receive an email from noreply@salesforce.com notifying you of the cancelation. You may submit a new request if you would still like to make a transfer!
- VAOS users can now view a detailed DocuSign status associated with transfer requests. You will be able to see who has completed the DocuSign form and who still needs to sign and submit it. View step-by-step instructions in the updated Vaccine Transfers in VAOS Job Aid and join Thursday's mini-webinar session to watch a live demonstration.

COVID-19 Vaccine Reminders

- To find Janssen vaccine expirations, providers can scan the QR code on the back of the carton using a mobile device camera, visit www.vaxcheck.jnj, or call Toll Free: 1-800-565-4008. For Moderna, visit the manufacturer website, locate the lot number, printed on the carton and vial, enter the vaccine lot number in the box and select Submit. All Pfizer COVID-19 vaccine vials have the expiration date printed on the vial label and is applicable under Ultra Low Temperature Freezer (ULTF) storage only.

Provider Resources:

- COVID-19 Vaccine Management Resources (training and support materials)
- ImmTrac2 User Training Site
- ImmTrac2 Forms and Documents
- COVID-19 Vaccine Provider Enrollment Information
- CDC Clinical Considerations for or Use of mRNA COVID-19 Vaccines
- DSHS COVID-19 Vaccine Provider Help Desk: (877) 835-7750, 8 a.m. to 5 p.m., Monday through Friday; Email: COVID19VacEnroll@dshs.texas.gov

Session Live Q&A:

- If a provider needs dry ice to transport vaccines that are being transferred to another facility, can they use any supplier?
- Is there somewhere providers can go to get help locating a facility that's willing to accept their transfer?
- Is there a timeline to report waste? If that timeline is missed, can providers still be reported?
- Can providers look up a client's vaccine info on ImmTrac2 to get them a replacement card if they were not the administering provider?
