

**3 easy steps and you're done.
We take care of the rest.**

1. Go online (www.ImmTrac.com) to download a consent form or speak to your health-care provider about signing up.

2. Gather your family's official immunization records.

3. Deliver your consent forms and immunization records to a health-care provider authorized to access ImmTrac2.

Once registered, your complete immunization history is available to you and your health-care provider anywhere in the state, when you need it.

**When there's no time
to think about your
vaccines —
you won't have to.**

You're on the front line of disasters. As peace officers, firefighters, and emergency medical workers, you are the first ones there in an emergency. Saving lives is your job — that's why you need to be sure you have all the necessary immunizations to keep yourself healthy and safe.

Vaccines can protect you.

ImmTrac2 is the Texas Immunization Registry, a free, secure online system from the Texas Department of State Health Services (DSHS). First responders and their immediate family members can store their immunization records safely and securely in one convenient place, ImmTrac2. In an emergency you will only need your ImmTrac2 client number to obtain your complete immunization records. Know which vaccines you need and when you need them, so you'll be ready to help any time, any place.

Act now.
