Fellowship Overview

Host Site Mission

Our mission is to preserve, protect, and promote the health and well-being of Cameron County residents through accessible quality care focused on disease prevention and emergency preparedness. The fellow will join our Community Engagement program, which emphasizes outreach, education, and collaboration with stakeholders to promote and protect community health.

Fellowship Projects

During the fellowship, the selected fellow will focus on developing a community education module or program aimed at teaching residents how to leverage technology for improved health outcomes.

Fellowship Deliverables

- Develop educational information, flyers, and pamphlets or a module.
- Deliver educational sessions on information gathered.

Fellowship Activities/Responsibilities

- Research and develop an educational module regarding the use of technology to improve health to deliver to our community.
- Identify the best approach to deliver the educational content, such as through workshops, classes, training, or outreach events in the style of educational sessions, or elevator-pitch informational sessions.
- Communicate with and teach the community.
- Collaborate with community partners.
