Understand The Importance of Deputization

Deputization of Public Health Clinics and Local Health Departments (LHD) Clinics allows FQHCs and RHCs to delegate authority to clinics that support areas where FQHCs and RHCs are unable to serve underinsured populations. Read more information about deputization and its importance.

Vaccine Choice Opening February 8

Beginning Monday, Feb. 8, providers may update vaccine choice(s) through the Electronic Vaccine Inventory (EVI) system. In EVI, the "Update Choice" tab will be open at 10 a.m. on Feb. 8 and **close at 3 p.m. on Feb. 19.**

The next opportunity for providers to update their vaccine choice(s) will be **May 2021.**

Nine Translations for COVID-19 Vaccine Facts

Now available! Fact sheets about the COVID-19 vaccine offered in nine different languages as handouts for the public. Visit the CDC web page, "[What To Expect at Your Appointment to Get Vaccinated for COVID-19](#)", scroll down to the bottom, and you will find links to the handouts that explain how vaccines are prevention tools with a summary about safety and effectiveness.

IAC Launches In-Depth COVID-19 Site

Staying up to date with the latest COVID-19 information can be difficult given the breakneck speed at which it develops. Fortunately, the Immunization Action Coalition (IAC) has launched a website where a broad range of topics and resources has been collected in one easily accessible place.

From links to the CDC, FDA, and ACIP, to clinic tools and patient education materials, this comprehensive resource from IAC is one you and your staff will want to refer to often. [Learn more](#).

You have subscribed to get updates from the Texas Department of State Health Services' Immunization Unit. For more information, please [email us](#) or [visit our website](#).
