November 21, 2022

Dear Texas Vaccines for Children and Adult Safety Net (TVFC/ASN) Program Providers,

Today we recognize, "Public Health Thank You Day." The Texas Department of State Health Services (DSHS) Immunization Program would like to express our gratitude to those who work every day to protect the communities of Texas.

The DSHS Immunization Program is proud to have you as a partner working to improve the health of the communities by providing preventative health services and creating access to critical vaccines for families throughout Texas. The DSHS Immunization Program appreciates your commitment and support of the TVFC/ASN Programs.

Thank you for your continued efforts to remove barriers for Texas children and adult immunizations.

Sincerely,

Texas Department of State Health Services
Immunization Program
