

DSHS Immunization Sticker Update

Good morning,

Beginning on January 8, 2025, the Texas Department of State Health Service (DSHS) Immunization Section will begin fulfilling immunization sticker backorders. If you placed an order with us in the summer, it will be automatically filled and shipped to you.

On January 13, 2025, immunization stickers will be available to order on the [DSHS Immunization Publication Order Form](#). Due to the high demand, users will only be able to order 50 stickers every 30 days. Multiple orders placed within the 30-day window will be canceled.

Thank you for your patience as we continue to work with suppliers to keep these stickers in stock.
