

# ATTENTION BEXAR COUNTY HEALTH CARE PROVIDERS!

## Metro Health now offers a Clinician Ambassador Program!

Clinician Ambassadors are available as a resource and partner for clinicians in Bexar County, providing up to date information and tools to help improve patient care. We offer individual and group educational sessions, presentations, and discussions to help providers address public health issues commonly encountered in primary care, urgent care, pediatrics, and obstetrics/gynecology. We offer flexible scheduling to fit your needs!

### Topics Include:

- Syphilis Diagnosis & Treatment
- Congenital Syphilis
- Treatment of Sexually Transmitted Infections
- HIV Pre-Exposure Prophylaxis (PrEP)
- LGBTQIA+ Health
- Taking a Sexual History
- Others as requested

Ready for your session?
