

2011 Texas Selected Cancer Facts

Johnson County

Texas Selected Cancer Facts are provided by the Texas Cancer Registry (TCR), a collaboration of the Texas Department of State Health Services, National Program of Cancer Registries-Centers for Disease Control and Prevention, and Cancer Prevention and Research Institute of Texas. The TCR is a statewide population-based registry that serves as the primary source of Texas cancer data. These data are used to measure the Texas cancer burden, progress in cancer prevention and control, and support a wide variety of cancer research.

In 2011, it is estimated that there will be 807 new cancer cases and 287 cancer deaths in Johnson County.

Johnson County

Average Annual Number of New Cancer Cases and Deaths, 5 Leading Sites, 2004–2008
