

**Lacrimal Gland****Lacrimal Gland (excluding Lymphoma)****C69.5****C69.5 Lacrimal gland**

**Note 1:** CS Site-Specific Factor 25 is used to discriminate between lacrimal gland, staged by AJCC, and lacrimal sac, not staged by AJCC. Both sites are coded to ICD-O-3 code C69.5.

**Note 2:** Laterality must be coded for this site.

**Lacrimal Gland****CS Tumor Size**

**Note:** Code the specific tumor size as stated in the medical record. Use code 992, 994, or 995 if the physician's statement about T value is the ONLY information available about the size of the tumor. (Refer to the CS Extension table for instructions on coding extension.)

Code	Description
000	No mass/tumor found
001-988	001 - 988 millimeters (mm); (Exact size in mm)
989	989 mm or larger
990	Microscopic focus or foci only and no size of focus given
991	Described as "less than 1 centimeter (cm)"
992	Described as "less than 2 cm," or "greater than 1 cm," or "between 1 cm and 2 cm" Stated as T1 with no other information on size
993	Described as "less than 3 cm," or "greater than 2 cm," or "between 2 cm and 3 cm"
994	Described as "less than 4 cm," or "greater than 3 cm," or "between 3 cm and 4 cm" Stated as T2 with no other information on size
995	Described as "less than 5 cm," or "greater than 4 cm," or "between 4 cm and 5 cm" Stated as T3 with no other information on size
996	Described as "greater than 5cm"

Code	Description
999	Unknown; size not stated Size of tumor cannot be assessed Not documented in patient record

**Lacrimal Gland****CS Extension**

**Note 1:** AJCC considers "in situ carcinoma of lacrimal gland" an impossible diagnosis. Any case so coded is mapped to TX for AJCC stage and in situ Summary Stage.

**Note 2:** As noted by the AJCC, "As the maximum size of the lacrimal gland is 2 cm, T2 and greater tumors will usually extend into the orbital soft tissue."

**Note 3:** Periosteum is a fibrous membrane that wraps the outer surface of bones.

Code	Description	TNM 7 Map	TNM 6 Map	SS77 Map	SS2000 Map

999	Unknown; extension not stated Primary tumor cannot be assessed Not documented in patient record	TX	TX	U	U

^ For CS Extension codes 100, 300, and 600-630 ONLY, the T category for AJCC 7 staging is assigned based on the value of CS Tumor Size as shown in the Extension Size AJCC 7 Table.

\* For CS Extension codes 100, 300, and 610-650 ONLY, the T category for AJCC 6 staging is assigned based on the value of CS Tumor Size as shown in the Extension Size AJCC6 Table.
