

Memorandum

TO: WIC Regional Directors #09-052
WIC Local Agency Directors

FROM: Linda Brumble, Unit Manager (Original Signed)
Nutrition Education/Clinic Services Unit
Nutrition Services Section

DATE: April 7, 2009

SUBJECT: Distribution of Measuring Cups for Formula Concentration

Certifying Authorities are often asked by physicians to provide mixing instructions for formula concentration to participants. Measuring cups with ounce and millimeter (cc) increments are useful tools in providing instructions to clients. Local Agencies will receive shipments of measuring cups to be used by certifying authorities, nutritionists and registered dietitians (RDs) who provide instructions for mixing formula to higher concentrations in the next week. Samples of the measuring cups were provided to staff that attended the Formula for Change Workshops at NBF. Please provide one cup per each Certifying Authority in your local agency.

If you have any questions or require additional information, please contact Cathy Plyler, Clinical Nutrition Specialist, Nutrition Education/Clinic Services Unit, at (512) 341-4577 or cathy.plyler@dshs.state.tx.us, or Sandra Brown, Clinical Nutrition Specialist, Nutrition Education/Clinic Services Unit, at (512)341-4576 or sandra.brown@dshs.state.tx.us.
