---

This memo announces a new option for nutrition education contact which allows electric breast pump issuance to count towards Nutrition Education (NE) for participants.

The NE code for single-user electric breast pump issuance and education is BP-000-01. The NE code for multi-user electric breast pump issuance and education is BP-000-02. Both of these codes can be used optionally for electric breast pump issuance and are currently available in the TXWIN pick list.

If you choose to use electric pump issuance as an NE contact, you are expected to follow the standards set for electric breast pump issuance and nutrition education. Please refer to *Policy BF: 05.0*, *BF: 06.0*, and *NE: 01.0* for a full description of these standards.

If you have questions about the new NE code, breast pump issuance, or require additional information, please contact Lindsey Randall, Breast Pump Coordinator, Nutrition Education/Clinic Services Unit, (512) 341-4594 or [Lindsey.Randall@dshs.state.tx.us](mailto:Lindsey.Randall@dshs.state.tx.us).
