The local agency nutrition education and breastfeeding coordinators will need to complete their LA’s FY 20 nutrition education and breastfeeding plans this summer. To help with the process the state agency will provide instructions and expectations for this year’s NE/BF plans in the form of a webinar. The webinar can be viewed on the Texas WIC Staff Training site and will be held on:

This year an outreach plan component will be added, so we encourage all LA Outreach coordinators to attend this webinar as well.
