Vendor News Flash

Update: Texas WIC Vendor Material Orders

Effective immediately, the Vendor Management & Operations Unit (VMO) will **no longer** automatically distribute the FY2017 Approved Foods Shopping Guide or poster to WIC Vendors. However, Texas WIC materials will be available to vendors upon request. To order the most up-to-date WIC materials, please visit <https://www.dshs.texas.gov/wichd/vo/request-materials.aspx> and complete the order form. Please note, it is important to complete all fields on the order form to ensure efficient processing of the request. The processing time frame for material orders is three business days, in addition to the standard shipping time frame.

VMO is ready to assist our vendor partners should you have any questions regarding this Vendor News Flash. Please contact the Vendor Outreach Branch at DSHSWICVendorInfo@dshs.texas.gov.
